MARSHALS.

The musical score for the Marshals is written for a grand staff (treble and bass clefs) in a key of two flats (B-flat and E-flat). The tempo is marked as $\text{♩} = 100$. The score consists of five systems of music. The first system begins with a piano (*p*) dynamic. The second and third systems also feature piano (*p*) dynamics. The fourth system continues with piano (*p*) dynamics. The fifth system concludes with a crescendo (*Cres.*) marking. The music is characterized by a steady, rhythmic march pattern with various chordal textures.

The image displays a musical score for a hymn, identified by the title "The Lord's Prayer" at the top. The score is arranged for four vocal parts (Soprano, Alto, Tenor, and Bass) and a piano accompaniment. The key signature is B-flat major (two flats), and the time signature is common time (C). The lyrics, "Fa - ther to the son;..... by Fa - - ther", are written below the vocal staves. The piano part includes a wavy line indicating a swell or crescendo, followed by chords and a section marked "Ped." (pedal) with a double asterisk, suggesting a sustained or emphasized pedal point. The score is presented on a single page with a decorative border.

Moses in Egypt.

The musical score is written for a vocal ensemble and piano accompaniment. It consists of two systems of staves. The first system includes a vocal line (treble clef) and a piano accompaniment (treble and bass clefs). The second system continues the vocal and piano parts. The lyrics are in Italian, expressing a plea to God for help.

First System:

Vocal: Thee, O Lord, we cry, To Thee, O Lord, we
po - - - pol tuo pie - - - tà. del po pol tuo pie

Piano: Thee, O Lord, we cry, we cry, we
po - - - pol tuo pie - - - tà, pie - - - - - tà, pie - - -

Second System:

Vocal: cry, To Thee, O Lord, we cry.
- tà. del po-pol tuo pie - - - tà.

Piano: cry, we cry, we cry.
- - - tà, pie - - - - - tà, pie - - - - - tà.

The piano accompaniment features a steady eighth-note pattern in the right hand and a more complex, flowing pattern in the left hand, providing a harmonic and rhythmic foundation for the vocal melody.

AIR AND CHORUS.

ANDANTE
MAESTOSO.

The first system of the piano accompaniment features a grand staff with treble and bass clefs. The tempo is marked 'ANDANTE MAESTOSO' and the time signature is common time (C). The key signature has two flats (B-flat and E-flat). The music begins with a forte (*f*) dynamic. The right hand plays a series of eighth and sixteenth notes, while the left hand provides a steady accompaniment of eighth notes. A 'TREMOLLO' marking is present in the left hand. The system concludes with a piano (*pp*) dynamic marking.

The second system introduces the vocal line. The top staff is for the '1ST SOPRANO. SOLO.' and the bottom staff is for the piano accompaniment. The vocal line begins with the lyrics 'In To - - - - - flam ma - - - - - tus in To - - - - - flam - - - - - thy ho - - - - - ly, ly, thy'. The piano accompaniment continues with a steady eighth-note pattern. A 'SOTTO VOCE' marking is present in the vocal line.

The third system continues the vocal and piano accompaniment. The vocal line includes the lyrics 'ma - - - - - tus et ac cen - - - - sus Per - - - - to ho - - - - ly care e - - - - lect - - - - ed. Vir - - - - gin'. The piano accompaniment maintains the same eighth-note pattern. The system concludes with a final chord.

A FEW REASONS WHY **WEBER PIANOS** ARE THE BEST,

And are Endorsed by all the Great Musicians.

AMERICA, in the pioneer epoch of her industry, worshipped **force and magnitude.**

The great American manufacturers had clutched all the laurels that were accessible to mechanical ingenuity. Their instruments were everywhere justly praised for their largeness of tone, volume and duration of sound.

It now remained for somebody to add the **sympathetic quality.**

This **WEBER** set himself to do.

The time had come when, with culture and taste expanded and ripened, we began to perceive that, in the domain of Art particularly, **feeling, sincerity and sympathy** were of far more account than vehemence, loudness and immensity.

With this came a change in the fabrication of musical instruments. **Art and Musical Taste** must lend its spirit to iron and steel.

According to the world's judges at Philadelphia, that has been done!

The Weber Piano, in the words of the jury, effects the alliance of **Sensibility, Sympathy and Power.**

To Weber alone, among the forty exhibitors, is awarded the highest honor for an instrument combining "Sympathetic, pure and rich tone, with greatest power."

This opens a new era—the era of **feeling**, based upon **strength**; the era of the **WEBER PIANO**—an instrument with a soul in it.

Is it strange, then, that all the musicians turn to the Weber Piano? They know that the manufacturer of the Weber Piano is an educated musician, who can understand the musician's smallest wish; and, as a mechanic, he knows how to execute it, having made every part of the instrument hundreds of times with his own hands, as apprentice, journeyman, and employer; in fact, he is termed the "Great Working Piano Maker."

Thus may be summed up a few of the reasons why the Weber Pianos are better than those of other makers, viz: **AMPLE CAPITAL**, allied to the **BEST MUSICAL and MECHANICAL SKILL**, **EARNESTNESS OF PURPOSE**, coupled with **UNTIRING INDUSTRY and PERSEVERANCE**, and the ambition to make **The Best Piano** which it is possible to make; and, while other makers seek for popularity, the manufacturer of the **WEBER PIANO** is aiming at **PERFECTION.**

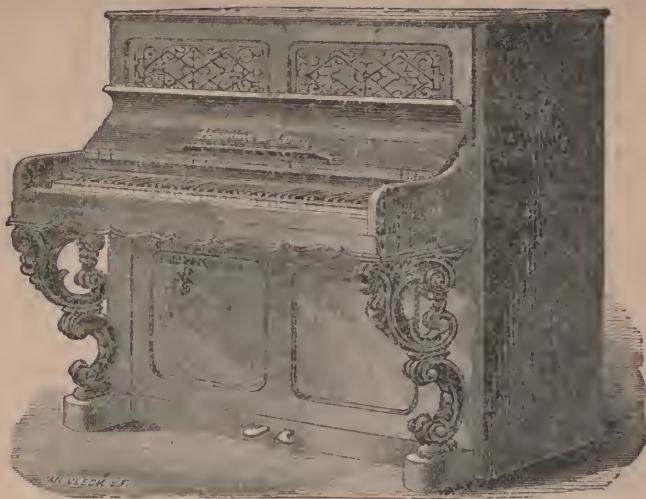

Notwithstanding the Great Superiority of the Weber Pianos, they are sold
as low as those of other good makers, and the Installment
Terms are made very easy.

PATRONIZE HOME INDUSTRY.

Having engaged extensively in the manufacture of the

Hemme & Long Upright Pianos,

We invite the attention of all to the class of work we are producing.

We use only *first-class material*, and that which is best calculated to resist the influence of this climate. By manufacturing the Pianos *here*, we are enabled, as producers, to make the *best class of work*, and sell at the *lowest prices*, making a saving to the purchaser of from \$150 to \$200 on each Piano.

As certain unscrupulous parties are misrepresenting these Pianos, by asserting that "they are cheap Pianos imported from the East, and the name of Hemme & Long added after their arrival here," we invite all interested in the industries of this Coast to visit our Factory in person, and *examine the whole process of their manufacture*, as we are *confident* it will bear the most *critical scrutiny*.

Unquestionably the Greatest Success of the Day! Enthusiasm of Purchasers unbounded! A complete Revolution in Sewing Machines! Makes the only Real Lock-Stitch! Nothing Like it in the World!

The above sentences very imperfectly convey to the reader the real facts concerning the wonderful machine known as the new

Automatic Silent Sewing Machine

— OF THE —

WILLCOX & GIBBS S. M. CO.,

WHICH was placed on the market August, 1875, and has been subjected, since that time, to every conceivable test under every possible circumstance, with the unparalleled result, that of the thousands sold, not one has been returned or exchanged for another make, and not a single complaint has been made from purchasers to its disadvantage. Every one is delighted and testifies that the machine does all and more than all it claims.

Persons without any previous instruction can sit down and *instantly* sew seams of the greatest beauty and unquestioned durability. It is impossible for the seam made by this machine to rip or ravel unless deliberately unlocked. An accidental fracture, or the deliberate cutting of the stitches will not make the seam give. Indeed, it will defy all efforts to unravel it, unless first *carefully unlocked*.

No other machine in the world has this quality. The beautiful and complicated lock-stitch machines, so called, of the new old and exploded styles, appear as miserable, clumsy expedients when contrasted with it; and the seam made by them is insecurity itself in comparison with that made by the now celebrated "AUTOMATIC," which (the public will mark this point) makes the only

True lock-stitch Seam in the world.

In addition to this great advantage, the operator has

No Tension to Manage. No guessing for length of Stitch. No Bobbins to wind. No Shuttles to prepare. No preparatory experiments to make.

Any person can sit down and do the most beautiful work *right off*, with ease and pleasure. The machine is absolutely noiseless, and so light running that the most delicate can work upon it without weariness or injury. The public are invited to examine this last and greatest invention in Sewing Machines; or, if they are at a distance from any agency, to write by postal card to the head office for full descriptive catalogue and list of offices, prices, etc.

WILLCOX & GIBBS S. M. CO.,

124 POST STREET, SAN FRANCISCO.

The "AUTOMATIC" has received the highest awards and premiums from the American Institute, the Franklin Institute of Pennsylvania, and the Centennial Exposition; also, from State and County Fairs, wherever exhibited.

Applications from merchants, dealers, and parties wishing agencies, should state quantity of machines they will purchase first order, and territory desired. While we are prepared to deal liberally with agents and dealers, we do not pretend to compete in rates with some companies, but guarantee our machine to be of the highest standard in finish and make, possessing more real merit than any other in market.

STEINWAY'S TRIUMPH!

Grand Average, 95 1-2 out of a possible 96.

CAUTION! One New York Piano-Maker having not only published the judges signatures to an altered report, but also dishonestly advertised that he had received an average of 95 out of a possible 96, the Examining judges flatly contradicted him, and certify that he reached an average of 90 3-4 only ranking but **THIRD** on Square, and **FOURTH** on Parlor Grands.

For full particulars of Centennial Awards, and the action of the judges in regard to these frauds, send for circular.

FRANZ ABT TO STEINWAY & SONS.

Messrs STEINWAY & SONS:

Gentlemen:—Permit me to thank you for the magnificent Upright Piano which you kindly placed at my disposal during my brief sojourn in New York, and I can only repeat what I have so often expressed verbally—that during my long career as an Artist and Composer, I have met with many fine European and American Piano-Fortes, but none that combine grandeur and poetry of tone, elasticity of touch, in short, every thing that renders a Piano perfect, to such a high degree as your celebrated Piano-Fortes.

Very truly yours,

CHICKERING & SONS,

Desire to call especial attention to their New Scales, in

UPRIGHT PIANOS.

The "New Scale" introduced about two years since by Chickering & Sons, is conceded to be the "home instrument" of the future. The most distinguishing points of this New Upright are the action, with its graduating pedal, which enables the player to graduate the amount of tone and weight of touch precisely to suit his pleasure; and the Grand Piano quality of tone which the scale possesses. Especial attention is also directed to their

NEW PARLOR GRAND,

Just introduced, and considered by the best musical authority to be a remarkable instrument. This Piano is offered to the most critical portion of the musical public, with every assurance that it not only maintains, but adds to the high reputation of the Chickering Grands. To those who contemplate buying, we can assure that "The best is the cheapest;" and remember, a Piano is usually a purchase of a lifetime; therefore, great care should be used in its selection.

A FEW FACTS.

The impossibility of judging critically of the durability of a Piano until the instrument is tested by use, induces unscrupulous makers to employ the cheapest of material and workmanship, without any regard to the durable qualities of the instrument. This is done in order to tempt the public by an apparently low price; whereas, the profit on this class of Pianos is larger by fifty per cent. than on a well-made instrument, sold at such prices as we maintain. It is very poor economy (excluding the question of poor tone) to purchase Pianos that, from their price, are seemingly cheap. In a very short time such instruments will surely become worthless; and in this connection we wish to state in the most emphatic manner that we do not pretend to compete with dealers in *BOGUS PIANOS*; nor can we allow the enormous commissions given by such dealers,—the purchaser will receive the benefit of that. Whilst respectfully directing the attention of the musical public to the matter contained in the above, we may be pardoned in giving expression to our satisfaction at being able to say, that the

CHICKERING PIANOS

Still maintain their distinguished place as the *very best*; that they are *legitimately* the Standard Pianos of the world. Every Piano fully guaranteed. An elegant stock of Grands, Squares and Uprights can be seen at their new ware-rooms, No. 31 Post Street, Mechanics' Building.

Visitors from all parts of the Country will find it greatly to their advantage to purchase their Dry Goods at the large and popular Dry Goods house of

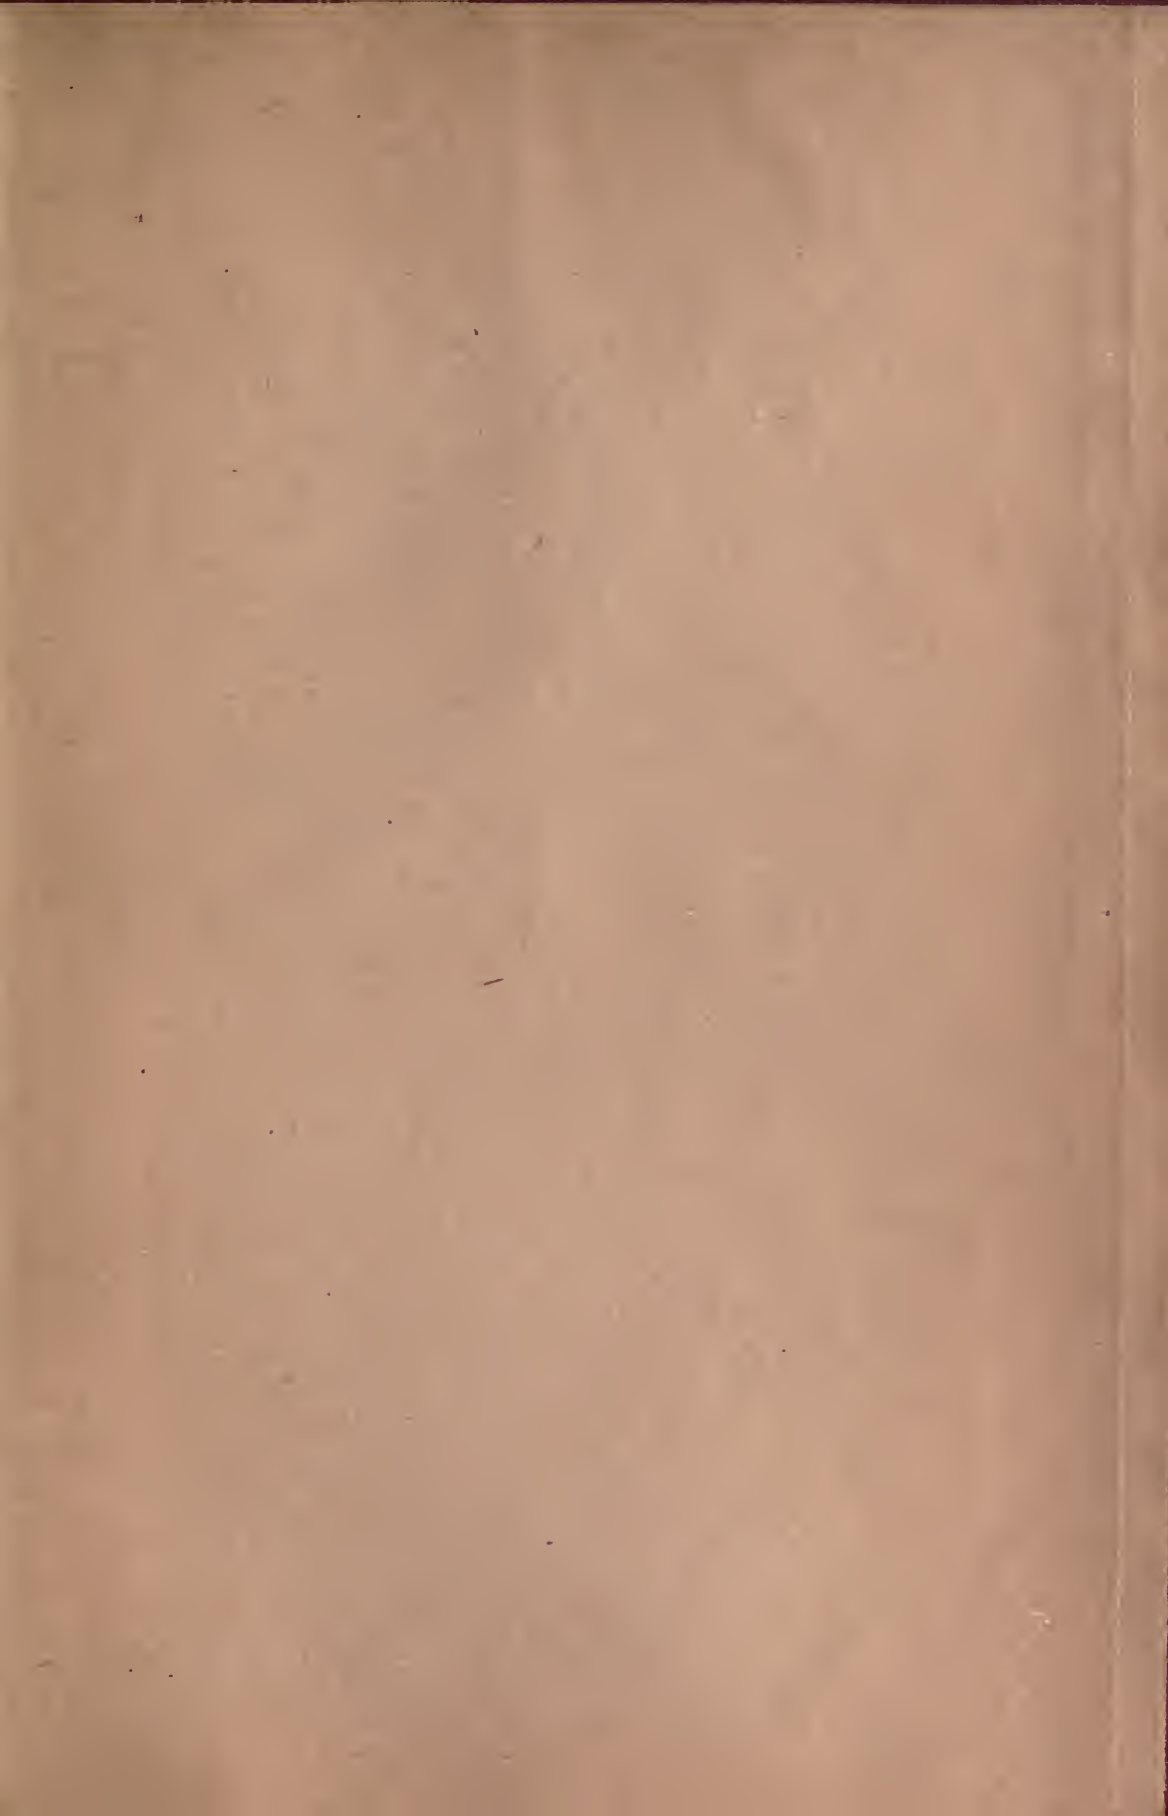

S. MOSGROVE & CO.,

114 AND 116 KEARNY STREET,

SAN FRANCISCO.

S. Mosgrove & Co. adhere strictly to the Cash system, which enables them to sell goods much lower than other houses. Every article in their large establishment is marked at its lowest price in plain figures, and the greatest possible attention paid to customers. Ladies should not fail to visit Mosgrove's before they buy.
